## MACK PROVES GOOD SPORT.

Philadelphia, Oct. 26.—Concerning a statement of Umpire Klem that Doyle of New York did not touch the home plate when he came home with the winning run in the 10th inning yesterday, Manager Mack said: "I'll make no protest. The Giants won the game and were entitled to the victory. Doyle was safe at the plate by 15 feet and the question whether he slid over the plate or alongside it is a matter of minor importance. I never have and never will bicker over the decisions of umpires. The game will stand as a win for New York."

## COOMBS SERIOUSLY HURT.

Philadelphia, Pa., Oct. 26.—Jack Coombs, the Athletic pitcher, is bed at his home in this city with serious internal injuries received in the sixth inning of yesterday's game, when he wrenched his intestines. Today his condition was much worse. Three physicians, who succeeded in reducing the injury, say an operation will be unnecessary. He will be in bed a week and will have to wear a truss for some time. A rupture of the intestines killed Mike Powers, catcher for the Athletics, several years ago.

## MURDER OF RULER OF RUSSIA IS RUMORED

Wild Reports Heard in London Put at Rest by Official Government Announcement.

London, Oct. 26.—Indefinite rumors this morning from Vienna and Berlin were that Emperor Nicholas of Russia had been assassinated. Casual inquiries in the above mentioned cities, as well as in Russia, failed to elicit the slightest confirmation of the report. The emperor was traveling recently in southern Russia, and is now stopping at the palace at Valca, in Crimea.

St. Petersburg, Oct. 26.—There is no truth whatever in reports of an attempt to take the lives of the emperor and empress.

Yuzovka, Russia, Oct. 26.—By order of the governor all Jews in all provinces of Yekaterinopolis are subject to expulsion with four exceptions.

## COX ALSO TESTIFIES

Witnesses Tell of Personal Loans to Rock Island Before Property Purchase.

Chicago, Oct. 26.—Attorney John K. Scott of Rock Island, Ill., was the first witness before the Lorimer investigation committee today. Scott corroborated State Representative Henry L. Wheelan's explanation of

## NO. NOT SILLY SEASON. JUST FALL FROLICS

Wheelan's possession of a number of hundred dollar bills in the summer of 1909. Scott testified he loaned Wheelan \$700 about that time or Wheelan's personal note without other security. Thomas Cox of Rock Island followed Scott on the stand. Cox said he loaned Wheelan \$300 in the summer of 1909. The loan was unsecured, aside from Wheelan's personal note.

## SULLIVAN DENIES SUPPORT.

Roger C. Sullivan, Illinois democratic national committeeman, denied to the committee that he helped elect Lorimer. Sullivan said there was no deal for Lorimer's support of Stevenson for governor. It was a result of conditions at the time—animosity to Deneen. The election of Lorimer, he said, followed the success of a combination of demagogues formed for the special purpose of downing Hopkins.

## SETTLING OLD GRUDGES.

Ex-Representative Sydney P. Eddy of Benton, Ill., informed the committee that the investigation was being used by politicians in southern Illinois as a means of settling personal and party grudges. This was being done, he said, by relation to the investigators of alleged conversations and acts of the men the traders wished to injure; the subsequent inquiry and disagreeable publicity was the subject sought.

## RECEIVES THREATS.

"These people," said Eddy, "have communicated with counsel for this committee and have charged me with saying certain things about the Lorimer case that I never said or even thought of. They threatened that they would get even with me by connecting my name with this case."

The witness named T. P. Woodward, William H. Hart and William Blythe in this connection and subpoenas were issued for them by direction of the chairman of the committee.

Official Asserts Evidence to Support Belief in Suicide Is Very Weak.

Indianapolis, Ind., Oct. 26.—That a man holding a handkerchief to his face as if to hide his features was seen to emerge from an alley in the rear of the apartment house in which Dr. Helen Knabe lived alone, at 2 o'clock last Tuesday morning, about the hour at which the physician met death by a knife blow, was the newest lead that had developed today in the police investigation. This information was supplied by J. C. Carr, a bar-keeper, who said as he was going home and turned into a street at the side of the Knabe apartment he heard two faint screams, and as he approached

## GREEN BAY IS WARM: TAFT

## Insurgent Leaders Ignore, but People Greet the President.

## UNCLE IKE IS IN LINE

## Reception Said Not to Have Been Surpassed on Present Swing Around Circle.

Green Bay, Wis., Oct. 26.—President Taft today entered the "enemy's country"—Wisconsin—the home of Senator La Follette, who is to be his opponent for the republican presidential nomination in 1912. The president arrived here early this morning. He is due in Milwaukee tonight. There will be a large number of stops and rear-end platform speeches during the day. Fond du Lac, which had withdrawn and reissued an invitation to the president, will be reached at 4 o'clock this afternoon. The reception there excites interest.

## PEOPLE TURN OUT.

In the estimation of members of the Taft party the reception given the president here was not surpassed at any point on the present trip. None of the "insurgent" members of congress in Wisconsin was at the station to extend a welcoming hand, but Senator Stephenson, former Governor Hoard and Congressman Knop did the honors. Fifteen thousand around the court house heard Taft's speech on peace arbitration.

## TAFT WOULD AID COMMISSION.

"I interviewed the president and in April last addressed a letter to him in reference to the creation of a federal waterway commission to negotiate with the state regarding cooperation by the federal government in the construction of the proposed waterway and deepening of the channel of the Illinois river from Utica to the Mississippi river. The president in a letter addressed to me said that in his message to congress he would recommend the creation of such a commission."

## WATERWAY BILL KILLED IN HOUSE

## Twenty-seven Members Absent or Fail to Vote When Roll Is Called.

Springfield, Ill., Oct. 26.—The administration's deep waterway bill went to its death, so far as the present extraordinary session of the legislature is concerned, yesterday afternoon. There were 59 votes in its favor and 65 in opposition. The bill needed 77 votes for passage.

## DENEEN REVIEWS FIGHT

## Action, He Claims, Creates Complications in Plan for Lakes to the Gulf Channel.

The missing 18 could have been obtained, mathematically, from the 27 representatives who were either absent or who sat in their seats and refused to vote. Of these 14 were republicans and 12 democrats. Immediately thereafter the house adopted a joint resolution introduced by Representative Shanahan calling for a recess today until Wednesday, Nov. 8, at 5 o'clock p. m., for the ostensible purpose of acting on three appropriation bills which are to be passed in the senate today unless something peculiar happens.

## MAY CALL ANOTHER SESSION.

It may be stated as a political certainty, considering the temper of all concerned, that if the senate refuses to accept the Shanahan resolution, Governor Deneen will prorogue the general assembly and summon another extra session, which will be called upon to consider the waterway question, congressional and senatorial apportionment and some serious questions concerning important measures which were passed in the regular session and are supposed to be in full operation. One of these is the automobile law.

## THE FOLLOWING STATEMENT WAS MADE BY GOVERNOR DENEEN:

"The action of the general assembly today places our state in a peculiar position, and, so far as I know, an unprecedented position. In 1908 the people of our state voted for a constitutional amendment by an overwhelming majority whereby the water power in the Des Plaines and Illinois rivers was to be utilized to pay for the digging of a waterway between Lockport and Utica. "I have endeavored during my term of office to place the state in a position where it could utilize this water power so that the plain purpose of the constitutional amendment could be realized and the construction of the waterway undertaken without cost to the people of the state. The opposition has claimed that the work could not be done without federal aid."

## KILL MORE GENERALS

## Imperial Army Leader Is Assassinated by His Own Men—Americans in Appeal.

Shanghai, Oct. 26.—The rebels are throwing up outposts at Kiu Kiang, Wu-Hu, Nanking and Soochow, and it is expected the revolutionists will take over their local governments soon. The entire province of Sze-Chuen is practically controlled by rebels. The native newspapers announced positively that the emperor and family were prepared to start for Mukden, Manchuria, where protection has been guaranteed them by the Japanese.

## PROTECTION BY JAPANESE.

Later, it is stated, the imperial ones will be conducted to the United States. Open and widespread circulation of such statements as the above, without interference from the authorities, is considered significant in view of the restraint to which the press has been subjected heretofore.

## YIN-TCHANG ASSASSINATED.

Shanghai, Oct. 26.—A Chinese newspaper in an extra today announced that Minister of War General Yin-Tchang, commanding the imperial forces, was assassinated by his own troops. It is also stated Canton was seized by revolutionists and great bloodshed is reported there.

## ANOTHER GENERAL KILLED.

Peking, Oct. 26.—Chinese newspapers report troops at Cheng-Tu, the capital of Sze-Chuen province, mutinied and killed General Chao Erh-Feng, commander of the imperial forces, and joined the rebels, who now hold the capital. The legations ordinarily dis credit reports published in the Chinese newspapers, but consider the statement that Cheng-Tu has fallen and the assassination of the commander as not improbable.

## SHENG HSUAN HUI DISMISSED.

Peking, Oct. 26.—Sheng Hsuan Hui, minister of posts and communications, who negotiated the foreign railroad loan, was dismissed in accordance with the demand of the national assembly made upon the government yesterday.

## MORE WARSHIPS ASKED.

Peking, Oct. 26.—The American legation is asking that more warships be sent to Chinese waters, as the present number is not sufficient to cover all ports which are in danger. No American vessel is now available at Chang Sha, where there are 25 Americans.
